Thursday 7th December 2023

Dear Parents/Carers,

We have been given the exciting opportunity by White Rose Education, in partnership with Wakefield Council, to offer our parents/carers of children in Year 1 and Year 2 to attend a Family Numeracy Programme. This programme has been designed to create a positive learning experience for both adults and children through a series of engaging, activity-based sessions.

These sessions will:

- Explore fun and practical ways to approach mathematics together.
- Provide strategies for supporting your children's mathematical development at home.
- Develop a deeper understanding of key numeracy concepts taught in school.
- Strengthen the parent-child bond through shared learning experiences.
- Help foster positive attitudes towards mathematics.

This programme will be delivered in three 45-minute sessions and intend to involve both parents/carers and children. Refreshments will be provided at each session and, for those parents that attend all three sessions, a pack of resources will be provided to take home.

The sessions will take place on Wednesday 17th, 24th and 31st January 2024, starting at 2:30pm and ending at 3:15pm in time to collect your children. If you would like to attend, please confirm your attendance on the club section on MCAS, this will be called White Rose Education 3 Sessions for Parents. Please click and then press enrol now. Alternatively, you can contact the school office to confirm.

Yours Sincerely,

Mr James Parkinson

Headteacher
